NJ is BOSS

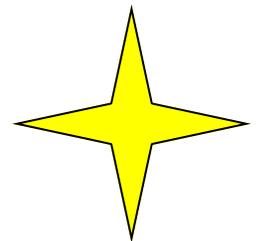

Welcome back!

As the summer has passed a new school year has begun, and on behalf of the NJASC we wish you an eventful and productive school year. During the summer 16 people from New Jersey, including our NJASC board, attended the NASC Star Leaders National Conference in St. Louis, Missouri.

Although we had an amazing time, we looked forward to attending the 56th Annual Leadership Training Conference later on that month. In the next few pages you will get the chance to experience these events as we did. You will also learn more about our new state charity, "Good Grief".

And please remember

All information, deadlines, reviews, and pictures regarding NJASC will be on the WEBSITE!

WWW.NJASC.ORG

From June 24-29, thirteen of your very own student leaders went to the Star Leaders National Conference in St. Louis and showed them how to really BOSS !

While we were here we also got the chance to watch Legally Blonde the Musical, visit City Museum, the Dred Scott Courtroom & Gateway Arch. We also went to Dave & Busters and took a boat ride on the Mississippi River. Coming here was an amazing opportunity and we wouldn't trade it for the world!

Nationals 2011!

Going to Nationals gave us a chance to interact with other students from all over the USA and some other countries, learn more by go to workshops and gaining new techniques from other leaders and attending workshops that will help us better our student councils.

This year was none like no other for the NJASC. We had Lou on stage representing the NASC and also we had Wendy being a national Shull nominee!

Leadership Training Conference

“It felt as if this experience came and went” most students sadly said after leaving LTC this past July. Hundreds of student leaders from all over New Jersey attended this years 56th annual Leadership Training Conference at TCNJ.

Coming to LTC, they got a chance to expand on all of their leadership horizons. From learning how to be an effective leader all the way to brainstorming events that could be beneficial to their school. Not only did they learn life long lessons but they also had fun doing it. The Songfests, Talent Show, Olympic Games, and Show Night were just some of the fun things that they got to experience while being here.

STATE CHARITY

GOOD GRIEF !

Good Grief is a resource for grieving children and their families. Through our support center and workshops we help children during the difficult times of their lives and offer support and guidance to the adults in their lives. We currently provide direct services for children and adults coping with loss due to death.

Our MISSION is to normalize grief in our society and create resilient communities where children coping with loss grow up emotionally healthy and able to lead meaningful and productive lives. This is done through our year-round peer grief support center and educational workshops.
